

Transforming Local Impact Into National Change

About America Forward

America Forward is the nonpartisan policy initiative of New Profit, a national venture philanthropy organization that backs breakthrough social entrepreneurs who are advancing equity and opportunity in America. America Forward unites social entrepreneurs with policymakers to promote a public policy agenda that advances equity, fosters innovation, rewards results, and catalyzes cross-sector partnerships.

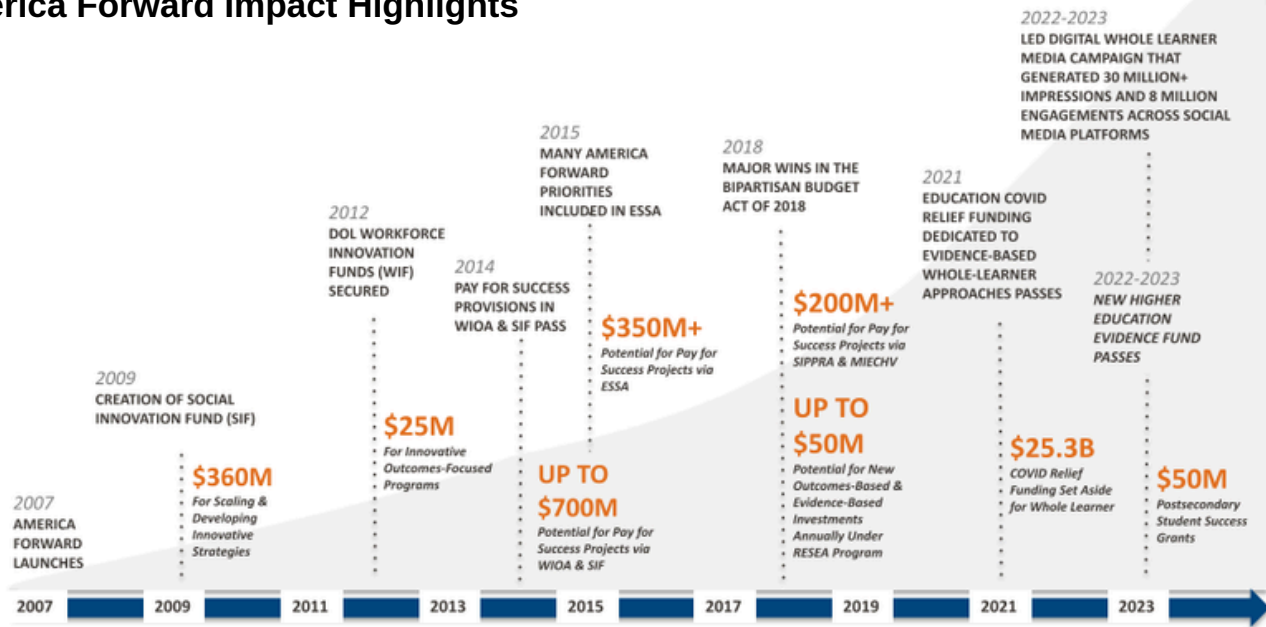

The America Forward Coalition is a network of over 100 social innovation organizations that champion innovative, effective, and efficient solutions to our country's most pressing social problems. Our Coalition members are achieving measurable outcomes in more than **15,000 communities** nationwide, touching the lives of **9 million Americans** each year, and driving progress in early child care and learning, K-12 and post-secondary education, economic mobility, social innovation, national service, civic participation, and public health. Since 2007, America Forward's community of entrepreneurs has played a leading role in driving the national dialogue on social innovation policy.

What We Do

Together, our Coalition organizations have successfully advocated for lasting policy change, leveraged **\$1.9 billion** for social innovation, and have driven millions of federal resources toward programs that achieve measurable results for those who need them most. America Forward firmly believes that our nation's social entrepreneurs can lead the way in unlocking America's potential and help move all of America forward.

- **Lead Collective Advocacy:** The America Forward Coalition pursues collective policy agendas in the areas of early learning, K-12 education, post-secondary education, economic mobility, workforce development, social innovation, civic participation, and national service.
- **Build Capacity for Sustainable Policy Work:** America Forward partners with Coalition organizations and New Profit network organizations to help build their advocacy, policy, and systems change capacities and foster cross-sector collaborative learning opportunities. America Forward empowers our network of social entrepreneurs to become better, bolder advocates by building their policy capacity through the **America Forward Advocacy Institute**.
- **Amplify the Voice of Social Innovation:** America Forward supports strategies that spread the reach of social innovation policy through thought leadership, events and external engagement, communications, and public education materials.

America Forward Impact Highlights

In America Forward's first 15 years, we collectively:

- More than tripled the number of Coalition organizations to over 100
- Leveraged \$1.9+ billion for social innovation and outcome-based payments
- Drove millions of federal resources to achieve measurable results
- Influenced billions of education dollars towards whole learner approaches
